

MATS ADVANCED AND OPERATIONAL SURVIVAL SCHOOL

COURSE NO. 83

1. Description.

A twenty-eight (28) day course designed to provide advanced training and methods of instruction in Survival and Emergency techniques as taught in MATS Advanced and Operational Survival School Course No. 81. The first twenty-one (21) days instruction will be identical and carried out simultaneously with MATS Advanced and Operational Survival School Course No. 81. The remaining seven (7) days instruction will be devoted to teaching students methods of planning training curricula, methods of instruction, preparation of visual training aids and demonstration exhibits, the planning control and organization of field exercises, etc. Students successfully qualifying in this course will be considered capable of assisting in organizing Survival and Emergency technique training at unit level.

2. Prerequisite Qualifications.

(As considered necessary by the higher echelon responsible for the nomination of students.)

3. Course Data.

a. Duration: Twenty-eight (28) days.

b. Class Capacity: As directed by the higher echelon responsible for the nomination of students, but it is recommended that not more than ten (10) students be selected to attend any one course.

c. Class Frequency: The course will occur once per month and commence on the same day and run concurrently with MATS Advanced and Operational Survival School Course No. 81.

4. Remarks.

Students selected to attend should arrive in regulation summer flying clothing during the months from June to October and in winter uniform from November to June, and must include either G.I. combat or equivalent footwear. Fatigues, change of underwear, towels, toilet kits, spare socks are mandatory requirements for both summer and winter classes.
